Praise be to Allah, Lord of the Worlds, and prayers and peace be upon the Imam of the messengers, our master Muhammad, and on his good and pure family

Water is the grace of God Almighty for the creation of all and a verse of God in the universe and life and the secret of this life, which is not only by him, God Almighty created man and ridiculed him everything in existence and blessed him with many blessings There are countless of these blessings and the grace of water, and the importance of water, man has to keep it, because there is no survival of humans and the environment without water, water is the secret of life ، {وَجَعَلْنَا مِنَ الْمَاءِ كُلَّ شَيْءٍ حَيٍّ أَفَلَا يُؤْمِنُونَ} ،

سورة الأنبياء : الآية ٣٠

The importance of water is that it covers 71% of the land area, but the volume, quantity and quality of water resources decrease due to pollution. Therefore, countries legislate to preserve and maintain water from pollution, but these laws are insufficient. Water, Islamic law has preceded the laws of the status of reference to the importance of water conservation

And the preservation of water is the preservation of religion, which is embodied in the preservation of the three meanings: Islam and faith and charity and therefore water was one of the most important reasons for the preservation of religion, and it seems clear in that it is a reason to establish faith in God Almighty and faith in the prophets and peace be upon them, and water is a reason for the establishment of worship and washing and ablutions They are self-limiting, water-based worshipers, and they are also imposed for other worship, such as prayer

God has harnessed the water to be a reason to defend the religion and support the believers and the destruction of the unbelievers has included the Battle of Badr miracles to support the Muslims

And their victory, God has provided Muslims with angels fighting with them, as was the rain of the means to install the believers, and victory

Thus, water was one of the most important reasons for preserving religion, by establishing the necessary things such as instilling faith in the souls of believers, and the confirmation of the prophets, peace be upon them and the establishment of worship, and the defense of religion and ethics by washing Places of meeting Muslims for worship.

Islam has maintained the human soul and the water was a reason to preserve it. Islam forbade water from those who need it. He also pointed out that water is a means of healing diseases, as well as some of the etiquette of self-preservation, by raising the soul against morality, Pollution, and the commitment to drinking etiquette, thus highlighting the importance of water conservation as a cause of self-preservation

Thus water was an important reason to know that the Holy Quran from God through scientific miracles

The Islamic Sharia, in all its provisions, seeks to achieve the interests of man and aims at the happiness of the individual and the community, the story of the water in the earth and its role in the lives of people and the cessation of life in all its forms and forms. All this is unquestionable enough to mention and remind him in the call to worship the Creator .
