

### **Summary:**

Myth, with its technical capabilities and vast data, is able to give poetry unlimited interpretive power.

Myth is a symbolic image of the phenomenon of nature with a tangible and visible language to diversify his theories and give his works an imaginary and dramatic color, As if the poet is looking for a new tool to explain his thoughts and ideas in this way.

Since the famous kings, heroes and legendary legends have excellent qualities such as strength, self-sacrifice, loyalty, love and agility, The poetess took her into consideration. Bruin tried to use myths, using characters and indirectly conveying her poetic message to the audience.

All this led to the depth of his poetic experience, which led to the production of a great literary heritage that enriched the Persian Library in him.
